

## **Future and a Hope**

Words and Music by Angela Kempe

Jeremiah 29:11

D E C#min F#min  
D A E

D A E, D A E

You answer my every prayer  
Even those that I whisper in my mind  
Lighting every step I take  
Even those paths that are hard to find

And when life's anxieties are much  
You're the friend that lifts me from above  
There's no obstacle I can't overcome  
When I'm showered by your peace and love  
When I'm showered by your peace and love

D E C#min F#min  
D A E

You've given me a future and a-  
You've given me a future and a-  
You've given me a future and a hope

You've given me a future and a-  
You've given me a future and a-  
You've given me a future and a hope

D A E

And when I think of how you've healed me  
I stand as a testimony of your strength  
From the shackles of my pain I'm free  
And with every breath I take, I give you thanks  
I give you thanks
