

Lucky

Words and music by Angela Kempe

floating in the clouds now
we're lucky
not to be
looking at ourselves- wow

Verse: Gmin F Eb

I had the right- I
Put up a fight- I
Could say good night- I
Had mighty might- I

CHORUS: Bb/d Cmin Gmin Eb

was lucky
Not to be
Floating in the clouds now
was lucky
Not to be
Looking at myself

He saw him come-he
would not become- he
felt he was numb- he
protected from- he

was lucky
not to be
floating in the clouds now
was lucky
not to be
looking at himself- how?

Did we survive- it
are we alive- it
Can not derive- it
who was to drive- it

was lucky
not to be
floating in the clouds now
was lucky
not to be
looking at ourselves- wow

(solo)

we're lucky
not to be
